Dear Sheriff:

We hope this message finds you happy and healthy, and surrounded by family and friends during the holidays.

On behalf of the Constitutional Sheriffs & Peace Officers Association (CSPOA) and many of your constituents, we cordially invite you to the first annual CSPOA convention, to be held at the [Tuscany Hotel in Las Vegas, Nevada](#), on Monday January 30, 2012.

The Purpose of this convention is twofold;

- 1) To increase the understanding and awareness for all sheriffs and peace officers regarding the true power of our constitutional authority and duty to serve and protect the people for whom we work and;
- 2) To unite in a concerted effort to uphold and defend the United States Constitution.

Currently there are Sheriffs all across America taking stands against the unlawful incursions and overreach of state and federal governments and their agencies.

Sheriff Gilbertson has stood tall for the 10th Amendment in Oregon, and published a paper on federal jurisdiction within a state.

Sheriff DeMeo has stood for private property rights in Nevada and worked with county and state legislators to ensure the Bureau of Land Management does not exceed its jurisdiction.

Sheriff Lopey has led a group of sheriffs in California and Oregon to stop federal agencies from destroying their citizens' farms, land, energy, water and freedoms.

Sheriff Palmer in Oregon has stood against the USFS and questioned their authority in his county.

Sheriff Alderden in Colorado stood against the CSU Board of Governors to stop a gun control policy.

Sheriff Rogers stood up for health freedom and protected dairy farmers from the FDA in Indiana.

Do the sheriffs have the authority to do such things?

Many of these sheriffs will be attending this private meeting to share with you, the challenges they have faced, and how they have succeeded in upholding their oath of office and protected their constituents' rights and freedoms.
